

Internet Packages and Pricing will Change!

AS OF NOVEMBER 1, 2017: Nushagak Cooperative along with our upstream provider GCI, have worked together to offer our members lower prices for their internet service.

The number of packages being offered has been reduced, but so have the prices. The 2M/256K-10gig and 6m/2M-60gig will no longer be available. Packages and prices as of **November 1, 2017** are as follows:

- 512/128K – 5gig \$47.91
- 3M/384K – 15gig \$65.99
- 4M/1M – 25gig \$109.99
- 6M/2M – 100gig \$164.99

Those members that have the 6M/2M – 40gig package have the option to upgrade to the 6M/2M – 100gig package for just \$4.00 more a month and with no upgrade fee. This package will not be an option for new members that sign-up for internet service.

The upgrade fee will be waived for 60 days for any member that would like to upgrade from their current package.

Those members that were in the 2M/256K – 10gig or the 6M/2M – 60gig package will automatically be moved to the next highest package at the new package price.

If you would like to upgrade, call our Customer Service Office at 842-5251.
