NUSHAGAK COOPERATIVE  PRELIMINARY STATEMENT	

**1) PRELIMINARY STATEMENT**

**1.1.1**      The Nushagak Electric & Telephone Cooperative, Inc. (NETC), hereinafter referred to as the Cooperative, is a member-owned, deregulated, public utility headquartered in Dillingham, Alaska. The Cooperative undertakes to furnish utility services as a public utility in accordance with its Certificates of Public Convenience and Necessity issued by the Regulatory Commission of Alaska:

<b>Certificate No. 45</b>	<b>Electric Service</b>
<b>Certificate No. 208</b>	<b>Telecommunications Service (Local Exchange)</b>
<b>Certificate No. 324</b>	<b>Telecommunications Service (Cable Television)</b>
<b>Certificate No. 557</b>	<b>Telecommunications Service (Private Pay Telephone)</b>

**1.2.1**      The Cooperative furnishes electric, local telephone (local exchange), special access, cable television, and Internet service as shown in its schedules, which include a description of the service furnished, and maps filed herewith.

**1.3.1**      Connection for long distance service is provided by third party long distance carriers who connect to the Cooperative's facilities.

**1.4.1**      All terms and conditions described in this tariff apply to all services of the Cooperative, except where specifically indicated.

SECTION 2 RULES & REGULATIONS	
<b>2) RULES &amp; REGULATIONS</b> <b>2.1 GENERAL</b>  <b>2.1.1</b> This tariff contains the rules and rates of Nushagak Electric and Telephone Cooperative, from here forward called the "Cooperative".  <b>2.1.2</b> Means of contacting the Cooperative:  <b>2.1.2.1</b> The Cooperative maintains a business office open to the public from 9 AM to 5 PM, Monday through Friday except holidays at 104 Main St. in Dillingham, Alaska. At this office customers may obtain service and rate information, make payments, submit applications for service, receive explanations of their bills, file complaints (per Section 2.9 of this tariff), and inspect and obtain copies of the Cooperative's tariff. The Cooperative's business office contact number as well as non-business hour emergency contact at any time is: 907 842 5251.  <b>2.1.2.2</b> The Cooperative maintains permanent headquarters at 557 Kenny Wren Road, Dillingham, Alaska.  <b>2.1.2.3</b> The Cooperative's public information is available at <a href="http://www.nushtel.com">www.nushtel.com</a> and e-mail contact is available at <a href="mailto:nushtel@nushtel.com">nushtel@nushtel.com</a> .  <b>2.1.3</b> Tariff adoptions and revisions: These rules and regulations have been adopted by the Board of Directors of Nushagak Electric & Telephone Cooperative, Inc. (hereinafter referred to as the Cooperative) in compliance with the Cooperative's Articles of Incorporation and By-Laws and in accordance with the Rural Utilities Service, and any other agencies having jurisdiction.  <b>2.1.4</b> This tariff may be revised, amended, supplemented, or otherwise changed at any time by action of the Cooperative's Board of Directors. No officer, employee, or agent of the Cooperative has authority to change, amend, or waive any rate or regulation approved or prescribed by the Board of Directors.  <b>2.1.5</b> These rules and regulations apply to all services furnished by the Cooperative and shall be the sole basis for the receipt of service except as otherwise provided in individual rate schedules or special contracts.  <b>2.1.6</b> Conflicts: If the tariff rules conflict with a rate schedule or special contract, the provisions of the rate schedule or special contract apply. If a rate schedule conflicts with a special contract, the provisions of the special contract apply.

SECTION 2 RULES & REGULATIONS (Continued)		
<p><b>2.2 TYPES OF SERVICE</b></p> <p><b>2.2.1</b> By Permanency:</p> <p><b>2.2.1.1</b> Permanent service installations are defined in Section 3.5.3 and in Section 4 (Definitions). Charges for construction of permanent facilities will be based on the policies set out in this tariff.</p> <p><b>2.2.1.2</b> Temporary service installations are defined in Section 3.5.4 and in Section 4 (Definitions). Charges for construction of temporary facilities will be based on the policies set out in this tariff.</p> <p><b>2.2.2</b> By Rate Schedule: The Cooperative provides services under the rate schedules shown in this tariff. Services may also be provided under special contracts.</p> <p><b>2.2.3</b> Nature of services offered a General Description and Standard Voltages: In Dillingham and Aleknagik the Cooperative provides 60 cycle (Hertz) alternating current, either single or three phase, depending upon the available circuits at the particular location and the customer's requirements. Standard voltages available are 120/208, 120/240, 208, 240, 277/480, and 480 depending upon available circuits. Voltage, waveform, and frequency are regulated to conform to standard operating practices of the electric utility industry for similar power plants operating in similar conditions. Other secondary voltages may be made available with prior Cooperative approval.</p> <p><b>2.2.4</b> Non-Standard Tolerances: The customer shall provide any equipment necessary to meet the customer's particular requirements for electric service at other than standard voltages, or for the supply of closer voltage regulation than required by standard practice.</p> <p><b>2.2.5</b> Local Area Telecommunication Service: The Cooperative provides local telephone service throughout its entire service area. Such service, business, residential, special access, and pay telephone service, both wireline and BETRS meets all standard industry and regulatory requirements.</p> <p><b>2.2.6</b> Cable Television and Internet Service: In selected areas the Cooperative provides subscription services for coaxial digital CATV, and for internet access through cable modem, DSL, and dial up modem pooling.</p>

SECTION 2 RULES & REGULATIONS (Continued)		
<p><b>2.3 APPLICATIONS FOR SERVICE AND SERVICE CONDITIONS (Continued)</b></p> <p><b>2.3.3</b> The Cooperative may require the customer to sign a contract guaranteeing a certain minimum level of revenue for a specific period of time.</p> <p><b>2.3.4</b> No service shall be provided to an incoming customer until all his prior indebtedness has been resolved to the satisfaction of the Cooperative.</p> <p><b>2.3.5</b> If a former customer indebted to the Cooperative attempts by some agency, relationship, or other arrangement or device, to obtain service the Cooperative may refuse to provide the service until the Cooperative receives payment of all money due from that customer to the Cooperative.</p> <p><b>2.3.6</b> Easements: If required by the Cooperative, the customer and/or the legal property owner shall upon request and without charge to the Cooperative execute an easement providing for a suitable right-of-way for the Cooperative's distribution lines crossing the owner's property and providing service to the customer and other members of the Cooperative.</p> <p>In the case of easement in areas of new construction or service the Cooperative shall as a condition of furnishing service require the use of the Cooperative's standard form granting non-restrictive right-of-entry to all the property described for the purposes therein mentioned and likewise where practicable in all other areas. The Cooperative shall accept easements containing special restrictions or limitations only in special cases determined at the discretion of the Cooperative for specific reasons and demonstrated good cause. The customer shall pay the additional legal and survey costs associated with non-standard easements.</p> <p>As a condition of acceptance of a restricted or limited easement which requires the services of a surveyor to determine the exact boundaries, at the request of the grantor, such grantor shall be required to pay the full cost of such surveying services and further, such easements shall contain acceptable provisions for future routes to other customers.</p> <p>Governmental highway, right-of-way, permitting, and surveys shall be completed by the Cooperative at the customer's expense.</p> <p><b>2.3.7</b> Priority of service: The Utility may not discriminate in regard to service provided to any customer. Normal service is provided in the order received, however, during periods of public emergencies or when the full capacity of the Cooperative services are not available, the Cooperative will endeavor to provide whatever limited service possible and on a priority system based on a current analysis of the best interest of the public.</p>

SECTION 2 RULES & REGULATIONS (Continued)			
<b>2.3 APPLICATIONS FOR SERVICE AND SERVICE CONDITIONS (Continued)</b>			
<b>2.3.8 SCHEDULING SERVICE:</b>			
2.3.8.1	<p>Electric Service: Requests for electric connects or disconnects that are received in the business office by noon (12:00 p.m.) on normal business days, will be worked the same day, except electric connects or disconnects that require outside work such as new construction or service entrance repairs. These will require additional time and will be scheduled in the order received or in the most efficient manner for the Cooperative.</p>		
2.3.8.2	<p>Telecommunication Services (local telephone, cable television, Internet): Requests for telecommunication service connects that do not require an on premise visit and are received in the business office by noon on normal business days, will be worked by noon the next working day. For telecommunication service connects that require a visit to the customer's premises, allow two to five working days, and additional time for new construction. New construction will be scheduled after the proposed construction job meets the criteria of the Line Extension Policy. These requests are scheduled in the order received or in the most efficient manner for the Cooperative.</p>		
2.3.8.3	<p>Applicable Rate: When an electric customer qualifies for service on an applicable rate schedule other than that on which the customer is being billed, the customer shall notify the Cooperative in writing, and the change in schedule will become effective after the next regularly scheduled meter reading. The Cooperative shall not be required to make more than one change in rate schedules for any customer within one twelve month consecutive period unless a new schedule is made effective or the customer's operating conditions have changed permanently so as to warrant another change in schedule.</p>		
2.3.8.4	<p>Customer Power Outage: If the customer's electric service fails, the customer shall endeavor to determine if a blown fuse, tripped circuit breaker, or other customer owned equipment is at fault before calling the Cooperative. If a service person is dispatched at the customer's request and it is determined that the customer's equipment is at fault a charge will be levied in accordance with the Schedule of Nonrecurring Charges.</p>		
2.3.8.5	<p>Customers may be required to make payments for construction of facilities prior to the connection of service.</p>

SECTION 2 RULES & REGULATIONS (Continued)		
<b>2.3 APPLICATIONS FOR SERVICE AND SERVICE CONDITIONS (Continued)</b>		
<b>2.3.9</b>	<p>Customer's Responsibility for Cooperative Property: The customer shall provide space for and exercise proper care to protect the Cooperative's property on the customer's premises. This shall include meters, instrument transformers, wires, network interface devices, leased equipment, and other facilities installed by the Cooperative that remains the Cooperative's property. In the event of loss or damage to the Cooperative's property because of the customer's negligence, the Cooperative may rightfully collect from the customer the cost of repairs or replacement.</p>	
<b>2.3.9.1</b>	<p><b>Customer's Wiring and Equipment:</b></p> <p>A). The customer shall install, own, and maintain all wiring and equipment beyond the point of interconnection except meters and special facilities installed or furnished by the Cooperative. The customer's wiring shall conform to applicable municipal, borough or local, and state requirements, the Cooperatives' tariff, and accepted modern standards as exemplified by the National Electric Code and the National Electric Safety Code.</p> <p>B). The customer shall furnish and install an underwriter's approved meter socket or sockets (as specified by the Cooperative) for the installation of the Cooperative's metering equipment. If instrument transformers are required, the customer shall furnish and install mounting brackets or a suitable enclosure with the necessary conduit as specified by the Cooperative.</p> <p>C). It shall be the customer's responsibility to provide suitable protection such as fuses, circuit breakers, and relays to adequately protect the customer's equipment. For the protection of three-phase motors, the installation of three thermal over-current devices and, in addition, dual element time delay fuses or circuit breakers of suitable rating are considered necessary.</p> <p>D). The Cooperative reserves the right to refuse or discontinue service to the customer's equipment or wiring where such equipment or wiring is in hazardous condition or not in conformity with lawful codes and local regulations. The Cooperative shall not be held liable for any loss or damage to persons or property resulting from defects beyond the point of service delivery, or in the customer's installation of equipment, or the delivery of energy and other services thereto.</p>

NUSHAGAK COOPERATIVE

SECTION 2 RULES & REGULATIONS (Continued)

**2.3 APPLICATIONS FOR SERVICE AND SERVICE CONDITIONS (Continued)**

**2.3.9.2 Installation and Accessibility of Cooperative Property:**

A). Meter bases will be installed on the outside of the building and to the minimum service standards of the Cooperative. Customers will be required, at the request of the Cooperative, to move meter bases to an outside installation at the customer's expense. Any change in location of service connections must be approved by the Cooperative prior to a move.

B). Customers shall provide any properly identified employee or representative of the Cooperative with unrestricted access to the Cooperative's property at all times for any purpose, including, but not limited to: reading meters, testing or inspecting customer's load or equipment, repairing, removing, or replacing any equipment belonging to the Cooperative, and clearing access to the Cooperative's property i.e. pedestals, poles, lines, meters, or transformers). In special cases where equipment is located within enclosed areas, the Cooperative must be provided with reasonable access or must be allowed to place a Cooperative lock on the enclosure.

C). Customers shall provide clear and unobstructed access to meters at all times.

**2.3.9.3 Notice of Trouble:** The Cooperative will endeavor to give the best possible service to its customers at all times. The customer can materially assist the Cooperative in fulfilling its purpose by promptly notifying the Cooperative of any defects, trouble, or accidents affecting the supply of electricity and other services, or in the event service is unsatisfactory for any reason.

**2.3.9.4 Resale of Energy:** Except with prior approval of the Cooperative, the customer shall not resell to or share with others, any electric service furnished by the Cooperative. This prohibition does not apply to a customer furnishing un-metered electric service to rental units where the cost of electricity is included in the rental charge.

**2.3.9.5 Tampering With Cooperative Property:** Tampering with meters and other facilities of the Cooperative violates this tariff and under AS 42.20.030 may result in liability for three times the amount of actual damages sustained and three times the value of service the taken. In addition to the penalties which might be imposed by a civil suit the Cooperative will impose a charge for unauthorized breaking of a meter seal in an amount specified in the Schedule of Nonrecurring Charges. Meter tampering will subject the customer to disconnection of service without notice.

Canceling:		SHEET NO.	
NUSHAGAK COOPERATIVE			
SECTION 2 RULES & REGULATIONS (Continued)			
<b>2.4 DEPOSITS AND ESTABLISHMENT OF CREDIT</b>			
<b>2.4.1 Service Deposits:</b>			
2.4.1.1	<p>The Cooperative requires a separate deposit for every point of delivery having established a \$100.00 Service Deposit for each category of service: electric, local telephone, cable television/Internet. The Cooperative will provide a written receipt for deposits and a copy of this tariff section (Section 2.4 Deposits and Establishment of Credit) upon request.</p>		
2.4.1.2	<p>The Cooperative may require a customer to increase the amount of deposit, if in its opinion, the amount of usage may be substantial or the past credit record or the charges billed against the customer are found to warrant such an increase. If so, the deposit may be increased in an amount equal to, but not more than the Cooperative's estimate of the member's estimated bill for two calendar months.</p>		
2.4.1.3	<p>The Cooperative may require, prior to accepting an application for service, personal guarantees of payment from the principal shareholders or officers in the case of a corporation, the members in the case of a limited liability company, or the general partners in the case of a partnership. And customers may have to make some additional payments for some facilities according to the terms of this tariff prior to receiving service.</p>		
2.4.1.4	<p>The fact that a deposit has been made shall in no way relieve the applicant or customer from complying with the Cooperative's regulations as to advance payments and the prompt payment of bills on presentation nor constitute a waiver or modification of the regular practices of the Cooperative providing for the discontinuance of service for non- payment of any sums due the Cooperative for service rendered. The Utility may discontinue service to any customer failing to pay bills without regard to the fact that such customer has made a deposit with the Cooperative to secure payment of such bills or has furnished the Cooperative with the guarantee in writing of such bills.</p>

NUSHAGAK COOPERATIVE		
SECTION 2 RULES & REGULATIONS (Continued)		
<b>2.4 DEPOSITS AND ESTABLISHMENT OF CREDIT (Continued)</b>		
<b>2.4.2</b>	Equipment Deposits: The Cooperative may require a deposit on its own equipment that is used to complete a service on the customer's premise. The deposit will be returned when the customer returns the equipment in good condition.	
	Equipment Deposit for rural radio (BETRS) system	\$200
	Equipment Deposit for Primary Set Top (CATV)	\$250
	Equipment Deposit for Secondary Set Top (CATV)	\$200
	Equipment Deposit Broadband Internet Service	\$100
	Equipment deposit is waived for CATV, primary and secondary set tops, if the customer signs for a one-year contract.	
<b>2.4.3</b>	Utility Provision of Service: The Cooperative will construct, operate, and maintain all the facilities necessary to deliver service to the customer's point of delivery unless otherwise provided for in this tariff.	
<b>2.4.4</b>	<b>Point of Delivery of Service:</b>	
<b>2.4.4.1</b>	For an overhead system the point of delivery of service is the point of connection by splice or tap of the Cooperative's supply conductors and the customer's service entrance conductors; this point must be outside the customer's building or other structure.	
<b>2.4.4.2</b>	For an underground system the point of delivery of services at the service lugs of a meter enclosure or other suitable terminal box mounted outside the customer's building or other structure to which the Cooperative's supply conductors are mounted.	
<b>2.4.5</b>	Establishment of credit: The Cooperative is not obligated to furnish utility service to any individual or firm that owes for service previously rendered at the same or different address, until arrangements have been made to liquidate such previous indebtedness to the Cooperative.	
	In order to insure the payment of all charges due for its services, the Cooperative may require any customer to establish and maintain his credit in one of the following ways:	
<b>2.4.5.1</b>	Establishing a satisfactory payment record with the Cooperative by not having service disconnected for non-payment of a billing for a period of 12 months (twelve consecutive billings), not having more than two occasions when a bill payment has been delinquent during the same period, and is not currently past due at the end of 12 months.

NUSHAGAK COOPERATIVE		
SECTION 2 RULES & REGULATIONS (Continued)		
<b>2.4 DEPOSITS AND ESTABLISHMENT OF CREDIT (Continued)</b>		
<b>2.4.5.2</b>	Providing a cash deposit as outlined in Section 2.4.1.	
<b>2.4.5.3</b>	Where service has been discontinued for failure to establish credit as authorized by these regulations, the regular restoral charge will be made and collected by the Cooperative.	
<b>2.4.6</b>	Adjustment on deposit amounts: the Cooperative may institute or adjust a deposit for an established customer who becomes delinquent in payment. The amount of any new deposit required will be consistent with these tariff provisions. In cases of residential economic hardship the Cooperative may provide deferred payment deposit arrangements.	
<b>2.4.7</b>	Interest on deposits: on service deposits in excess of \$100 per meter or service type the Cooperative will pay interest at the time the deposit is refunded. Deposits will be placed in an interest bearing account, and the Cooperative will pay the rate of interest earned in that account. However, a re-establishment of service following a service disconnect for delinquent payments will exempt this Cooperative from deposit interest payments for 12 months after that service is re-implemented.	
<b>2.4.8</b>	<b>Refund of service deposit:</b>	
<b>2.4.8.1</b>	Service deposit plus accrued interest will be refunded within 30 days of the date one of the following conditions is met: (A customer's deposit receipt is not required.)	
<b>2.4.8.2</b>	Upon termination of service the Cooperative will apply the customer's deposit against their next bill. The Cooperative will refund the balance in excess of unpaid bills for that service.	
<b>2.4.8.3</b>	The customer has previously established a good payment record with the Cooperative as set forth in Section 2.4.5 "Establishment of Credit".	
<b>2.4.8.4</b>	When an application for service has been canceled prior to establishment of service, the service deposit will be applied to any charges applicable in accordance with the tariff schedules and the excess portion of the deposit will be returned.	
<b>2.4.8.5</b>	An early residential service deposit refund is permitted within 90 days of the date the applicant provides the Cooperative with a letter or other written communication from the comparable service utility that last provided that residential service to the applicant stating that the applicant was not delinquent in payment for the last 12 consecutive months of service at the applicant's prior location.

<p><b>2.5 RENDITION AND PAYMENT OF BILLS</b></p> <p>Bills are due upon presentation. The customer is responsible for payment of all charges for facilities and services furnished, including local, state and federal taxes made in accordance with the Cooperative's schedules of rates and Rules and Regulations as contained in this Tariff. Unless otherwise agreed to by both the customer and the Cooperative, payments will be applied to amounts owed in the same order as the amounts became due.</p> <p><b>2.5.1 Regular monthly statements:</b> Regular monthly statements will be issued by U.S. mail, or if elected by the member electronically, to Cooperative customers on or before 5 p.m. the 5<sup>th</sup> day of each month. Regular monthly charges must be paid on or before the 20<sup>th</sup> of each month to keep the account in good standing. An account with a past due balance will have until the 20<sup>th</sup> of the following month to bring the account current before disconnect for non-payment process is begins.</p> <p><b>2.5.1.1</b> The Bill Cycle Date is the date the bill is produced by the Cooperative, which is the 1<sup>st</sup> day of each calendar month.</p> <p><b>2.5.1.2</b> Local telephone service, special access circuits, cable television, and Internet connections, are payable in advance. Electric service bills will be rendered monthly in arrears.</p> <p><b>2.5.1.3</b> The bill will be considered issued when postmarked by a U.S. Post Office, addressed to the address at which service is or was last being rendered, to another mailing address as specified by the customer or once posted online through Nushagak Cooperative's electronic service at the customer's request. Any change of occupancy, ownership or account responsibility must be reported to the Cooperative.</p> <p><b>2.5.2</b> Bills based on meter readings:</p> <p><b>2.5.2.1</b> Except as otherwise provided in this section charges for energy and demand will be based on the readings of meters installed by the Cooperative and read monthly by the Cooperative. The Cooperative's goal is to read each every meter monthly and will separately bill for each meter at a customer's premises. Readings from two or more meters will not be combined.</p> <p><b>2.5.2.2</b> If the Cooperative is unable to read a meter during the scheduled meter reading cycle, the Cooperative will estimate the consumption for the billing period considering the customer's usage during the same month of the previous year or the amount of usage during the preceding month or months. Estimated billings will be so noted on the Customer's billing statement.</p>

SECTION 2 RULES & REGULATIONS (Continued)		
<b>2.5 RENDITION AND PAYMENT OF BILLS (Continued)</b>		
2.5.2.3	Where the load is such that the amount of electrical energy consumed is fixed by the type of service, the Cooperative may elect not to meter the service and to bill the customer a fixed amount as determined by the charges under the appropriate rate schedule.	
2.5.3	<b>Payment for service:</b>	
2.5.3.1	The Cooperative may enter into an agreement with owners or operators of rental properties for the automatic continuance of service in the owner's name during periods of vacancy. The owners will be billed as specified in the applicable rate schedules.	
2.5.3.2	Payment of bills for service shall be made by mail or to a duly authorized collector of the Cooperative. All charges are payable in lawful money of the United States only.	
2.5.3.3	If service is interrupted for non-payment, the charge for restoral of service must be paid prior to service being re-established. During the period of interruption, the regular monthly charge will continue.	
2.5.3.4	The Cooperative shall provide four (4) methods for customers to pay their monthly and/or quarterly bills: Cash, Check, Credit Card, in person (at the customer service office), by mail, or via prearranged automatic deductions/charges through Auto-Pay or online at <a href="http://www.nushtel.com">www.nushtel.com</a> , through Nushagak Cooperative's electronic service (with either a set Auto-Pay or monthly self-pay). The Cooperative currently accepts Visa, MasterCard, American Express, Discover, and Debit Card. With Auto Pay, the customer's bill can be paid quickly and securely through a monthly auto-charge arranged through the Cooperative's business office or through Nushagak's electronic service. The costs associated with these payment programs shall be considered costs incurred by the Cooperative in servicing its customers.	
2.5.3.5	A customer who tenders a dishonored check is still obligated to pay the Utility under the original terms of the bill. In addition the customer will be charged a dishonored check fee of \$25 for each check denied by a financial institution. The customer will be notified that the check will need to be redeemed in cash within 10 days in order to avoid late payment status. Any customer who has tendered two dishonored checks within a 12 consecutive month period may be denied the privilege of paying their bills by check.

SECTION 2 RULES & REGULATIONS (Continued)		
<b>2.8 INTERRUPTION OF SERVICE (Continued)</b>		
<b>2.8.3</b> The liability, if any, of the Cooperative in any way connected with any failure to furnish service shall in no event exceed the credit allowance set forth below:		
No credit is allowed where the service or facility is out of service for less than one broadcast day of 24 hours during a billing period. When "out of service" conditions of which the Cooperative has received notice total more than one broadcast day during a given billing period for conditions which are not due to the willful or negligent acts of the subscriber and which can be shown to have originated on the Cooperative's facilities, credit is allowed in an amount equal to the total fixed monthly charge for the service multiplied by the ratio of the number of days "out of service" to the number of days in an average billing period. "Out of service" credit starts with the first outage report following the accumulation of outages equal to 24 hours. For the purpose of prorating charges, an average billing period is defined as thirty (30) days. In no case will the credit allowance for any period exceed the total fixed charges for exchanged service for that period.		
<b>2.8.3.1</b> When requested by the customer, credit for "out of service" conditions may be allowed whenever a single outage exceeds twenty-four (24) hours. Only one day of credit shall be given for each full-day outage.		
A trouble ticket or the After Hours Recording time stamp will serve as the outage report time and will be the measure of time of start for the 24 hour period used to calculate a credit.		
<b>2.8.3.2</b> For purposes of this section, "out of service" shall include not only the total failure of the cable distribution system, but other situations that effectively nullify its day-to-day quality normally experienced by the customer. In no event, may the credit allowance for any out-of-service period exceed the fixed monthly service charge.

<p><b>2.9      CUSTOMER COMPLAINTS</b></p> <p><b>2.9.1</b>      The Cooperative desires to resolve customer complaints as quickly and equitably as possible. Therefore, complaints related to billing or service shall be handled in the following manner:</p> <p><b>2.9.1.1</b>      Complaints should be put in writing and initiated through the Customer Service Department who will then direct the complaint to the appropriate supervisor or department head for resolution. If the matter is not then resolved to the customer's satisfaction, that written determination and the written complaint along with a written record of departmental response will be forwarded to the General Manager / Chief Executive Officer per tariff Section 2.9.1.2.</p> <p><b>2.9.1.2</b>      Any customer who believes that the Cooperative has violated this tariff or the Cooperative's contract with the customer, or has failed to treat the customer in a fair and equitable manner, may submit a complaint in writing to the General Manager setting forth the substance of the complaint. Complaints must be submitted within 30 days of the act or omission complained of. The General Manager will promptly ensure that a written response is generated. If that response is unsatisfactory the complainant may ask for and will be granted a review of the General Manager's response to the complaint in the form of a discussion item added to the discussion agenda for the next scheduled regular Board of Directors meeting.</p> <p><b>2.9.1.3</b>      The Cooperative will respond to the substance of each written service complaint or other customer correspondence within ten (10) working days of its receipt. In its response to the customer, the Cooperative will state that a customer not satisfied with the response may request escalation of the complaint to the next level following the complaint procedure outlined in Tariff Section 2.9.1.1 or 2.9.1.2.</p> <p>.</p>

<p><b>2.10 TELEPHONE DIRECTORIES AND NUMBERS</b></p> <p><b>2.10.1 TELEPHONE DIRECTORIES</b></p> <p>The Cooperative's telephone directory distribution plan provides residential and simple business line customers with one free directory for each access line and business customers with one free directory for each key system station.</p> <p>The Cooperative will work with the directory company to mail the allotted number of directories or make them available for pick-up. If additional directories are requested after the free delivery, the customer will be given the choice of picking up the directories at the business office or having the directories mailed at currently prevailing postage rates.</p> <p><b>2.10.1.1 Ownership:</b> Directories regularly furnished to customers are the property of the Cooperative and are loaned to customers only as an aid to the use of the telephone service.</p> <p><b>2.10.1.2 Errors:</b> No liability arising from errors and omission in the making up or printing of its directories shall be attached to the Cooperative, except in the case of charge listings. After reasonable notice is provided in writing to the Cooperative in connection with these, its liability shall be limited to a refund at the monthly rate for each listing.</p> <p><b>2.10.1.3 Rates:</b> Directories in excess of the allotted amount must be paid for at the current rate in effect, per directory.</p> <p><b>2.10.1.4 Availability:</b> Directories in excess of the free-of-charge quantity will be available for purchase at the business office or if requested through the mail at the current rate per directory plus prevailing postage rates.</p> <p><b>2.10.2 TELEPHONE NUMBERS</b></p> <p>The customer has no property rights to the telephone number or any right to the continuance of service through any particular central office. The Cooperative may change the telephone number or the central office designation, or both, of a customer whenever it deems it necessary in the conduct of its business to do so.</p> <p><b>2.10.2.1</b> Nushagak Cooperative does not guarantee the availability of a telephone number after disconnect. The Cooperative will try, to the best of their ability, accommodate the reservation of a disconnected telephone number for one calendar year.</p>

SECTION 2 RULES & REGULATIONS (Continued)		

**2.10 TELEPHONE DIRECTORIES AND NUMBERS (Continued)**

**2.10.2.2 Notices Required by Law**

1. Under provision of Alaska State Law (Sec. 11.45.035) every telephone directory published and distributed to the general public shall have the following notice:

**WARNING**

A person who anonymously telephones another person repeatedly for the purpose of annoying, molesting, abusing, through vile and obscene language, or harassing that person or his family, is guilty of a misdemeanor and, upon conviction is punishable by imprisonment in jail for not less than three months, not more than one year, or by a fine of not less than \$1,000 or both.

**2.11 FURNISHING OF, MAINTENANCE AND USE OF FACILITIES**

**2.11.1 IDENTIFICATION OF EMPLOYEES**

Employees of the Cooperative may be required to enter premises of the customers. To verify their employment during regular business hours call the Cooperative Personnel Office. After regular business hours, the Cooperative can be reached at 842-5555.

**2.11.2 RIGHT OF ACCESS**

A) The Cooperative, through its authorized employees, shall have the right of access to a customer's premise to install, remove, inspect or repair its lines and equipment, at all reasonable hours.

B) Unless otherwise permitted by the Cooperative, only duly authorized employees of the Cooperative are allowed to connect, move, disconnect, change, and alter in any manner any of the facilities furnished by the Cooperative.

**2.11.3 GENERAL REQUIREMENTS**

A) The Cooperative shall make its services available to the applicants, without discrimination and in accordance with applicable federal, state, and local laws and its approved tariff.

B) The Cooperative will be responsible for its equipment and plant only and will in no way be liable for the condition of customer-owned equipment.

SECTION 2 RULES & REGULATIONS (Continued)	
<p><b>2.11 FURNISHING OF, MAINTENANCE AND USE OF FACILITIES (Continued)</b></p> <p><b>2.11.4 MAINTENANCE AND REPAIRS</b></p> <p><b>2.11.4.1</b>      The Cooperative shall maintain all facilities which it furnishes to the customer. Facilities no longer meeting acceptable standards will be repaired or replaced without charge to the customer, provided easement and rights-of-way, as required have been furnished to the Cooperative.</p> <p><b>2.11.4.2</b>      The Cooperative shall bear all ordinary expense of maintenance and repair unless otherwise specified in this Tariff. In case of loss of, damage to, or destruction of any of the Cooperative's instruments or accessories, not due to ordinary wear and tear, the customer is held responsible for the entire cost of replacing the equipment destroyed, or the entire cost of restoring the equipment to its original condition.</p> <p>The Cooperative has an automated after-hours trouble reporting system. The direct after hours number to call remains 842-5555 (the business office number, 842-5251, will forward to that trouble reporting number during off hours). In the case of an emergency (lines down or power outages, cable cuts, for example) the customer will be directed to a power plant operator on duty, who will dispatch necessary personnel. For telephone, cable television, and Internet problems, the customer will be asked to leave a message and personnel will respond to the trouble ticket the next business day. If there is a system-wide or wide-spread outage of cable television or Internet (on the weekend only, not week nights) the cooperative will dispatch a technician.</p> <p><b>2.11.5 OWNERSHIP AND USE OF EQUIPMENT</b></p> <p>Equipment, instruments, and lines on customer's premises, furnished by the Cooperative, shall be and remain the property of the Cooperative, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting or repairing the instruments and lines, and upon termination of the service, for the purpose of removing such instruments and lines.</p> <p>The customer shall be responsible for the safekeeping of the property of the Cooperative on his premises and shall take all reasonable precautions against unlawful interference with such property.</p>

<b>2.11 FURNISHING OF, MAINTENANCE AND USE OF FACILITIES (Continued)</b>		
<b>2.11.6</b>	<b><u>ELECTRIC SERVICE</u></b>	
<b>2.11.6.1</b>	The Cooperative provides 60 cycle alternating current, either single or three phase, at available standard voltages. Voltage, frequency and wave form are regulated to conform to the standard practices of industry.	
<b>2.11.6.2</b>	The Cooperative shall, unless otherwise provided, construct, operate and maintain the facilities necessary to deliver electrical energy to the point of receipt by the customer.	
<b>2.11.6.3</b>	When the customer desires to use electricity for purposes classified under different rates, separate meters must be installed to measure the current supplied at each rate and the electricity registered by each meter will be charged for at prices and under conditions specified in the applicable rate schedule.	
<b>2.11.7</b>	<b><u>LOCAL TELEPHONE SERVICE</u></b>	
<b>2.11.7.1</b>	<b>INSTALLATION, WIRING AND EQUIPMENT</b>	
	The installation of all wiring and equipment shall be listed in compliance with FCC Regulations, Volume X, Part 68. The Cooperative shall not be required to connect its lines or equipment to wiring not installed by it or not installed in compliance with FCC Regulations, Volume X, Part 68, or, in the judgment of the Cooperative is in an inaccessible location. Connection to customer owned and maintained wiring and/or equipment may be made under the regulations as specified in Tariff Section 2.13.	
<b>2.11.8</b>	<b><u>CABLE TELEVISION SERVICE</u></b>	
<b>2.11.8.1</b>	<b>AUXILIARY POWER</b>	
	Where auxiliary power is required in the operation of equipment and service, the customer shall furnish, install, and maintain the necessary electrical wiring and outlets on his premises and supply any necessary electrical energy at his expense.	
<b>2.11.8.2</b>	Except as otherwise provided in this Tariff, the Cooperative will furnish, install, and maintain all wiring, splitters, taps, transformers, and other equipment necessary to applicants or subscribers in accordance with its established construction standards. A service connection at a customer's premises will include the facilities required to connect the customer's service to the Cooperative's existing system.

## SECTION 2 RULES & REGULATIONS(Continued)

### 2.13 CUSTOMER OWNED AND MAINTAINED EQUIPMENT (COAM) (Continued)

**2.13.3.1.5**      The Cooperative will furnish the meter and connect its distribution lines with the customer's service entrance. The wiring equipment, meter base, fuse box, service switch, standpipe, and easements shall be furnished by the customer.

**2.13.3.1.6**      Where primary service is supplied, the customer, at his expense, and in a manner satisfactory to the Cooperative, shall furnish, install, and maintain on his premises such switches, transformer, regulators and other equipment as the Cooperative may deem necessary.

#### **2.13.3.2      LIABILITY OF COOPERATIVE**

**2.13.3.2.1**      Neither by inspection nor non-rejection, nor in any other way, does the Cooperative give any warranty expressed or implied, as to the adequacy, safety or other characteristics of any structures, equipment, wires, conduit, appliances, or devices owned, installed or maintained by the customer, or leased by the customer from third parties.

#### **2.13.3.2.2      Undesirable Load Characteristics**

The Cooperative may refuse its service to, or remove its service from, any installation which in the judgment of the Cooperative will injuriously affect the operation of the Cooperative's system or its service to other customers.

#### **2.13.3.2.3      For Consequential Damages**

The Cooperative will not be liable for any injury, casualty, or damage resulting in any way from the supply or use of electricity or from the presence or operation of the Cooperative's structures, equipment, wires, conduit, appliances or devices on the customer's premises except injuries or damages resulting from the negligence of the Cooperative.

<b>2.13 CUSTOMER OWNED AND MAINTAINED EQUIPMENT (COAM) (Continued)</b>		
<b>2.13.4 LOCAL TELEPHONE SERVICE</b>		
<b>2.13.4.1 GENERAL REQUIREMENTS</b>		
2.13.4.1.1	Customer Owned and Maintained Equipment which is in compliance with the requirements of Volume X, Part 68, of the Federal Communication Commission's Rules and Regulations may be connected to the switched network in conjunction with all services other than coin service.	
2.13.4.1.2	The Cooperative may make changes in its equipment, operations, or procedures where such action is not inconsistent with Volume X, Part 68, of the FCC's Rules and Regulations.	
<b>2.13.4.2 RESPONSIBILITY OF THE COOPERATIVE</b>		
2.13.4.2.1	In the event any changes contemplated by the Cooperative can be reasonably expected to render any customer's terminal equipment incompatible with the Cooperative's facilities, or require modification or alteration of such terminal equipment, or otherwise materially affects its use or performance, the customer shall be given adequate notice in writing, to allow the customer an opportunity to maintain uninterrupted service.	
2.13.4.2.2	Customer's service may be disconnected by the Cooperative if Customer Owned and Maintained Equipment is causing harm to the Cooperative's facilities.	
2.13.4.2.3	The Cooperative shall not be responsible for the installation, operation, or maintenance of any customer owned equipment. The facilities of the Cooperative are not represented as adapted to the use of customer owned equipment and where such customer owned equipment is connected to the Cooperative's facilities, the responsibility of the Cooperative shall be limited to the furnishing of facilities suitable for telecommunication service and to the maintenance and operation of such facilities in a manner proper for such service; subject to this responsibility, the Utility shall not be responsible for the through transmission of signals generated by the customer owned equipment or for the quality of, or defects in, such transmission, or the reception of the signals by the customer owned equipment.	
<b>2.13.5 CABLE TELEVISION SERVICE &amp; INTERNET</b>		
2.13.5.1	It is the customer's responsibility to provide receiving equipment which is compatible with the service provided by the Cooperative, and is capable of receiving same.	
2.13.5.2	The Cooperative will be responsible for only its equipment or plant and will in no way be liable for the condition of the customer's owned equipment.

<p><b>2.14      SERVICE CONNECTIONS AND FACILITIES ON CUSTOMER'S PREMISES</b></p> <p><b>2.14.1      TAMPERING WITH COOPERATIVE'S PROPERTY</b></p> <p>Customers or their agents, may not install, rearrange, disconnect or remove, or permit others to install, rearrange, disconnect, or remove any equipment or wiring that is the property of the Cooperative. The Cooperative shall have the right to charge the customer the tariff rate for any installations or rearrangements made of Cooperative-owned equipment. The Cooperative may refuse to furnish or may deny service to any person, firm, corporation on whose premises is located any Cooperative-owned equipment which shows any evidence of tampering, manipulation or operation, or use of any device whatsoever for the purpose of obtaining service without payment of the charge applicable.</p> <p><b>2.14.1.1      TAMPERING WITH METER EQUIPMENT</b></p> <p>The Cooperative may seal the service switch and/or other devices on the customer's premises to prevent access by unauthorized persons. The customer shall not interfere with, or alter the meters, seals, or other properties used in connection with rendering electric service, or permit same to be done by others than the authorized agents or employees of the Cooperative. Damage to, or removal of, the Cooperative's seals may be considered as sufficient reason for discontinuance of service to a customer until the Cooperative has received satisfactory assurance that its equipment will be free from future interference.</p> <p><b>2.14.2      PENALTIES</b></p> <p>Tampering with meters and other facilities of the Cooperative is a violation of its regulations and is a criminal offense (Alaska Statutes 42.20.330). The statutory penalty provides for a maximum of six months imprisonment, a fine of \$500, or both. That statute authorizes the Cooperative to collect punitive damages, in addition to the normal cost of power, if any diverted.</p> <p><b>2.14.3      UNAUTHORIZED ATTACHMENTS OR CONNECTIONS</b></p> <p>No equipment, apparatus, circuit, or device not furnished by the Cooperative shall be attached to or connected with the facilities furnished by the Cooperative, whether physically, by induction, or otherwise, except as provided elsewhere in the Tariff of the Cooperative. In case any such unauthorized attachment or connection is made, the Cooperative shall have the right to remove or disconnect the same; or to suspend the service during the period the attachment is made; or to terminate the service.</p>

<b>SECTION 3 SERVICES (Continued)</b>	
<b>3.1 ELECTRIC (Continued)</b>	
<b>3.1.7.2.1            Power Cost Equalization (PCE) Notice</b>	
The total cost of service, less the PCE rate is listed on each bill per eligible member.	
<b>3.1.8                    <u>NON-FIRM POWER PURCHASE RATE</u></b>	
The rate at which the Cooperative will purchase non-firm power from qualifying facilities is:	
<b>3.1.8.1            RATES</b>	Monthly <u>Rate</u>
<b>3.1.8.1.1           Non-Firm Power</b>	\$0.1501/per kWh
<b>3.1.8.2            TERMS AND CONDITIONS</b>	
<b>3.1.8.2.1</b>	Available in all Cooperative service areas. Applicable to qualified cogeneration and small production facilities of not more than 100 kW total maximum rated capability per non-utility generating entity. This tariff does not apply in the event the Cooperative obtains all power from a wholesale supplier.
<b>3.1.8.2.2</b>	Single or three phase service as available, 60 hertz, at the Cooperative's standard voltages.
<b>3.1.8.2.3</b>	Power sales supplied by the Cooperative to the customer in order to meet its electric requirements will be priced at the applicable retail rates.
<b>3.1.8.2.4</b>	The Cooperative will not be responsible for customer owned equipment for cogeneration. However, equipment must meet standards set by Nushagak Cooperative.
The avoided cost of determining the non-firm power rate is calculated as follows:	
Current fuel price used in the latest fuel surcharge filing	\$2.0823/gallon
Yearly fuel consumption for fuel surcharge filing	1,249,647 gallons
Yearly Kwh sold from fuel surcharge filing	17,340,620 kWh
Avoided Fuel Cost = <u>\$2.0823x1,249,647 =</u>	\$0.1859 kWh
<div style="text-align: center;">17,340,620</div>

SECTION 3 SERVICES (Continued)			
<b>3.2 LOCAL TELEPHONE (Continued)</b>			
<b>3.2.2</b>	<b><u>BUSINESS</u></b>		
<b>3.2.2.2.3</b>	<b>Business service is segregated into two distinct categories as follows:</b>		
	<p>A). Business Simple defines business service provided without any associated hunt group services. All Custom Calling services as described in Section 3.2.8 are available in conjunction with Business Simple service.</p> <p>B). Business Complex defines business service to be terminated on a key system or PBX, utilizing hunt group services, or any type of a trunk basis, regardless of the presence of hunt group services.</p>		
<b>3.2.2.2.4</b>	<b>Business Complex/Optional Features:</b>		
	<p>A). Direct Inward Dialing (DID) Service – DID services as described in Tariff Section 3.2.6.2 are optional features that can be ordered in conjunction with Business Complex services. The applicable rates are contained in Tariff Section 3.4.1.2.</p> <p>B). Two-way trunk with DID features. Requires a DID trunk circuit termination.</p> <p>C). Custom Calling Features – All Custom Calling Features as described in Tariff Section 3.2.8.2 are optional features that can be ordered in conjunction with Business Complex.</p> <p>D). Primary Rate Interface (PRI) Line – A four-wire facility which extends from a central office to a point of demarcation at a customer location. The PRI is a 1.544 Mbps carrier facility which is used to connect digital PBX or other channel controlling devices to the switched and private networks.</p>		
<b>3.2.2.2.5</b>	The provision of service at the rates and under the regulations shown in this Tariff are subject to the regulations shown in Section 2, Rules and Regulations, which as it now exists or as it may be revised, added to, or supplemented by superseding issues, is made a part of this Tariff.		
<b>3.2.2.2.6</b>	Costs incurred by the Cooperative for work performed on PABX or key systems including moves, changes, or installations will be billed to the customer in total. Such charges may also include a service order charge. Labor is billed out at the Cooperative's Loaded Labor Rate.

SECTION 3 SERVICES (Continued)		
<b>3.2 LOCAL TELEPHONE (Continued)</b>		
<b>3.2.3</b>	<b><u>RURAL RADIO SERVICE (BETRS)</u></b>	
<b>3.2.3.1</b>	<b>RATES</b>	Monthly <u>Rate</u>
<b>3.2.3.1.1</b>	Individual Residence Line	\$21.25
<b>3.2.3.1.2</b>	Individual Business Line	\$30.40
<b>3.2.3.2</b>	<b>TERMS AND CONDITIONS</b>	
<b>3.2.3.2.1</b>	<b>Description</b>	
	Rural radio service or Basic Exchange Telecommunications Radio Service (BETRS) is a proprietary, wireless, loop carrier system providing basic telephone loop service. BETRS is an alternative which may be applied by the Cooperative to provide basic exchange service where conventional facilities would be difficult or impossible to install.	
<b>3.2.3.2.2</b>	These rates are in addition to the appropriate charges as specified in Tariff Sections 3.4.1.2, Nonrecurring Charges, and 2.4.1, Service Deposits.	
<b>3.2.3.2.3</b>	<b>Equipment Deposit</b>	
	Each customer who is provided with a BETRS station unit will be required to maintain a deposit of \$100 with the Cooperative. This deposit will be in addition to any normal service deposit, and is refundable when the equipment is returned. In addition, the customer will enter into an Agreement with the Cooperative to be responsible for any loss or damage to the BETRS station equipment.	
<b>3.2.3.2.4</b>	<b>Subscriber Station Unit</b>	
	The Cooperative will furnish a BETRS fixed subscriber station unit to a residence or commercial structure that is accessible by road or airport within the Cooperative's service area and where conventional cable is nonexistent. A BETRS customer may opt to purchase a fixed, hand-held, or portable unit from the Cooperative.

SECTION 3 SERVICES (Continued)		
<b>3.2 LOCAL TELEPHONE (Continued)</b>		
<b>3.2.3 <u>RURAL RADIO SERVICE (BETRS)</u></b>		
<b>3.2.3.2.5 Installation and Maintenance</b>		
<p>The Cooperative may assist in the installation of the Cooperative's supplied standard BETRS subscriber base station equipment upon request or the customer may elect to install their equipment. Only that equipment located in a fixed residential or commercial structure and that is accessible by road or airport from one of the Cooperative's central offices will be considered for installation by the Cooperative.</p> <p>The appropriate power supply must be provided in proximity to the equipment location. Additionally, the antenna must be located by the customer near the equipment location, where it is more advantageous to have as short of a feed line as possible.</p>		
<b>3.2.3.2.6 Special Conditions</b>		
<b>3.2.3.2.6.1</b>	BETRS requires an additional signal-received level to operate. The Cooperative cannot guarantee BETRS radio reception or the quality of that reception and may refuse to serve an area of poor reception.	
<b>3.2.3.2.6.2</b>	BETRS service is available only in the Cooperative's service area.	
<b>3.2.3.2.6.3</b>	The provision of BETRS service is subject to all other applicable rules, regulations, and rates contained in this Tariff.	
<b>3.2.3.2.6.4</b>	As established in the agreement, Section 3.2.3.2.3, the BETRS subscriber station unit is to be installed in a designated location. Failure to observe the terms of the agreement may result in removal of the BETRS subscriber station unit.	
<b>3.2.3.2.6.5</b>	Installation of BETRS equipment by the Cooperative's employees will be charged at time, materials and transportation beginning from the Central Office in Dillingham.

### SECTION 3 SERVICES (Continued)

#### 3.2.6.2.4

## Digital Subscriber Service

- (a) The (DSS) minimum service period for the DS1 facility and common equipment is one month.
- (b) Each DS1 facility enables the customer to add up to a maximum of 24 trunks per DS1 facility. The customer is billed for the actual number and types of the trunks in service on each DS1 facility. The customer must subscribe to a minimum of four trunks, per trunk group, per facility.
- (c) Initial service order provision charges are to establish a digital access for a DS1 facility and the first digital trunk. Additional trunks are billed a per trunk non-recurring charge.
- (d) When Outward WATS or 800 services terminates on a DS1 facility, the Outward WATS and 800 service access lines are classified as basic trunks for the application of DS1 facility.
- (e) Digital Subscriber service trunks are provided over high-capacity (DS1) digit circuits.
- (f) Regulation, rates and charges, as described elsewhere in this tariff apply as appropriate.

### 3.2.6.2.5

Integrated Services Digital Network ISDN-Primary Rate Interface (PRI). There are two types of rates and charges. The rates and charges are described below. The minimum billing period for PRI service is one month. Non-recurring are one-time charges which apply to specific work activity, i.e., new install charges or changes to an existing service the type of non-recurring charges that will apply for PRI are engineering cost or central office translations time incurred when any customization is made is made to a PRI arrangement. Non-recurring charges apply to the following: initial installation, installation of additional services (DSS) conversion to PRI using the same facilities, and moves of the PRI to a different central office are considered a new installation. The charges for these services are in addition to all applicable rates and charges filed in this tariff.

PRI service is available where facilities and operating conditions permit.

The DS1 facility will be ordered.

One PRI service configuration is required for each PRI transport DS-1.

PR1 will not be provided as a foreign exchange service.

PRI provides twenty-three (23) 64 kbps B channels and one 64 kbps D channel.

The B channels are bearer channels that carry digitized customers traffic (voice data, etc.)

The D channel is a signaling channel used to control and route B channel traffic.

<b>3.2 LOCAL TELEPHONE (Continued)</b>		
<b>3.2.7</b>	<b><u>BUSINESS APPLICATIONS - HUNT GROUP FEATURES</u></b>	
<b>3.2.7.1</b>	<b>RATES</b>	Monthly <u>Rate</u>
<b>3.2.7.1.1</b>	<b>Directory Number Hunting</b>	No Charge
<b>3.2.7.1.2</b>	<b>Circular Hunting</b>	No Charge
<b>3.2.7.1.3</b>	<b>Terminal Hunting</b>	No Charge
<b>3.2.7.2</b>	<b>TERMS AND CONDITIONS</b>	
<b>3.2.7.2.1</b>	Line Hunting provides a means of searching numbers to find an idle line. This service applies to a group of individual Business Complex lines (usually for the same subscriber) or trunks.	
<b>3.2.7.2.2</b>	Hunt Group features are offered to Cooperative customers subject to the availability of facilities and are subject to compatibility with other optional features.	
<b>3.2.7.2.3</b>	<b>Directory Number Hunting</b>	
	Directory Number Hunting provides sequential hunting of hunt group numbers for an idle line when the main directory listed number is busy. Each line in this hunt group has its own unique directory number, which allows direct calling and identifies toll calls.	
	If the main directory listed number is not dialed, hunting begins with the number dialed and ends with the last number in the hunt group.	
<b>3.2.7.2.4</b>	<b>Circular Hunting</b>	
	The Circular Hunting feature is an enhancement to Directory Number Hunting allowing all lines to be hunted in sequential order regardless of the starting point. If the last number in the hunt group is busy, the feature returns to the pilot number and will continue until the idle line is located or to the hunt starting point.	
<b>3.2.7.2.5</b>	<b>Terminal Hunting</b>	
	Terminal Hunting feature is assigned to one directory number assigned to receive incoming calls for a group of lines. Hunting starts from the pilot number and hunts in a sequential manner to the last line in the group looking for an idle line. If none is found, the caller will receive a busy signal.

SECTION 3 SERVICES (Continued)		
<b>3.2 LOCAL TELEPHONE (Continued)</b>		
<b>3.2.8</b>	<b><u>CUSTOM CALLING FEATURES</u></b>	
<b>3.2.8.3.4</b>	Subscribers to call forwarding services are responsible for the payment of applicable charges for each completed call between their call forwarding equipped line and the number to which the call is forwarded. Business numbers may not be forwarded through any of the Cooperative programmed call forwarding options to a Cooperative provided residential line, with the intention of making the residential phone number the primary service or permanent location of the business.	
<b>3.2.8.3.5</b>	One or more of the following features are provided:	
<b>3.2.8.3.5.1</b>	Call Forwarding provides for the transfer of incoming calls to another telephone by dialing a code and the telephone number of the service to which the calls are to be transferred.	
<b>3.2.8.3.5.2</b>	Remote Call Forwarding (RCF) provides for the automatic routing of incoming calls to any designated telephone number. The designated telephone number is programmed by the Cooperative and service activation and deactivation can only be changed by a service order. Remote Call Forward can be programmed to allow the simultaneous processing of calls not to exceed the capacity of the terminating end. RCF service is provided a directory listing. The Cooperative does not provide identification of the originating telephone number to the RCF customer.	
<b>3.2.8.3.5.3</b>	Call Waiting alerts a customer talking on the phone that a call is waiting. The existing call can be put on "hold", or disconnected, and the waiting call can be received. The customer can alternate between calls. The customer may also cancel the call waiting function for the duration of a call. This prevents the Call Waiting tone from interrupting calls or disrupting data transmissions. Call Waiting is not available on lines arranged for trunk hunting.	
<b>3.2.8.3.5.4</b>	Speed Calling provides for the calling of any telephone number by a 1- (short list) or 2- (long list) digit code. Speed Calling is available in 8 (short list) or 30 (long list) number capacity.	
<b>3.2.8.3.5.5</b>	Three Way Calling enables a customer to add a third party, local or long distance, to an established connection without operator assistance.

SECTION 3 SERVICES (Continued)	
<b>3.2 LOCAL TELEPHONE (Continued)</b>	
<b>3.2.8      <u>CUSTOM CALLING FEATURES</u></b>	
<b>3.2.8.3.5.6</b>	Teen Line allows a customer to have two directory numbers on the same access line so that the customer may receive calls dialed to separate numbers without installing a second line.
<b>3.2.8.3.5.7</b>	Anonymous Call Rejection allows customers with or without Caller ID to reject calls for which calling name and number has been intentionally blocked. Only calls for which the information has been blocked are rejected.
<b>3.2.8.3.5.7.1</b>	If the calling name/number is not available due to technical reasons, the receiving customer's equipment (if customer has Caller ID) shows a message indicating the unavailability of the calling information.
<b>3.2.8.3.5.7.2</b>	Rejected calls are sent to a recorded announcement provided by the Cooperative. Anonymous Call Rejection can be overridden by an operator in case of an emergency.
<b>3.2.8.3.5.8</b>	Caller ID allows the customer to view the telephone number and directory name associated with an incoming call, before answering the phone. The telephone number and directory name of the calling party as well as the current month, day, hour, and minute display after the first ring. If the calling party has designated a call as private (pursuant to Call Block), the calling name and number will not be displayed. If the incoming call is handled by an operator or is from outside the local calling area, the calling name and number may not be displayed. Long distance calls from outside the Cooperative's service area or miscellaneous calls (including cellular) will be shown on the display device as "Out of Area" or "Unknown Caller". Blocked calls will be shown as "Private Caller" depending on customer premise equipment. Calls originating from a Private Pay Telephone normally display as "Pay Phone". If an incoming call originates from a multi-line hunt group, the name and telephone number information transmitted will be associated with the main number in the hunt group, unless facilities permit the lines within the group to be telephone number identified.
<b>3.2.8.3.5.9</b>	Caller ID requires a telephone set or a separate display unit capable of recognizing and displaying the calling name and number sent from the central office.
<b>3.2.8.3.5.10</b>	Customers of Caller ID may not, without permission of the calling party, publicize or disclose to third parties telephone number information obtained through the use of these services. Failure to comply with this condition may subject the customer to termination of these services.

SECTION 3 SERVICES (Continued)			
<b>3.2 LOCAL TELEPHONE (Continued)</b>			
<b>3.2.8 CUSTOM CALLING FEATURES</b>			
<b>3.2.8.3.5.11</b>	Call Block – Per Call is automatically included with the provision of telephone service. Before placing an outgoing telephone call, a customer may activate a code to designate their number as private and prevent delivery to a called party using Caller ID. Payphone Services are not eligible for Call Block – Per Call.		
<b>3.2.8.3.5.12</b>	Call Block – Per Line, when requested, will be provided to all customers. Call Block – Per Line prevents the delivery of the customer's telephone number (and name) on a continuous basis and will display as "Private Caller" on a Caller ID display telephone set or adjunct unit. Call Block – Per Line, can be deactivated by the customer on a per call basis by dialing an activation code prior to dialing a call.		
<b>3.2.8.3.5.13</b>	Automatic Redial service allows the customer to dial an activation code that directs a call to be placed to the telephone number of the last outgoing call from their telephone. The telephone number is redialed whether or not the original call was answered, unanswered, or busy.		
<b>3.2.8.3.5.13.1</b>	If the redialed number is busy, the status of that line can be monitored for up to 30 minutes and the customer will be signaled with a distinctive ring, when the line becomes available. When the customer lifts the handset, the call will be automatically dialed.		
<b>3.2.8.3.5.13.2</b>	Automatic Redial may only be available within the local calling area.		
<b>3.2.8.3.5.14</b>	Distinctive Ringing/Call Waiting allows the called party (customer) to set up a list of directory numbers from which calls should ring differently than other calls. When this feature is enabled and the calling party matches an entry in the called party's designated list, the customer receives "distinctive ringing" if on-hook or "distinctive call waiting" tone if in the middle of a call. If the calling party's number is not on the designated list, normal ringing/call waiting will occur. If the customer does not have standard call waiting to the line, then this feature will only provide distinctive ringing. The feature is user activated by dialing the feature access code. The maximum size of the distinctive ringing/call waiting list shall be twelve (12) numbers.		
<b>3.2.8.3.5.15</b>	Selective Call Acceptance allows the calling party (customer) to create a list of directory numbers of which calls from only these numbers are to be received. When this feature is enabled and the calling directory number matches an entry in the called party's designated list, normal call termination occurs. All other calls are intercepted and routed to a telephone company recorded announcement. This feature can be modified by dialing the feature access code and appropriate options. The maximum size of the selective call acceptance shall be twelve (12) numbers.

### 3.2.8 CUSTOM CALLING FEATURES

**3.2.8.3.5.16** Selective Call Acceptance allows the calling party (customer) to create a list of directory numbers of which calls from only these numbers are to be received. When this feature is enabled and the calling directory number matches an entry in the called party's designated list, normal call termination occurs. All other calls are intercepted and routed to a telephone company recorded announcement. This feature can be modified by dialing the feature access code and appropriate options. The maximum size of the selective call acceptance shall be twelve (12) numbers.

SECTION 3 SERVICES (Continued)			
<b>3.2    LOCAL TELEPHONE (Continued)</b>			
<b>3.2.9      <u>TOLL RESTRICTION</u></b>			
<b>3.2.9.1      RATES</b>		<u>Monthly Rate</u>	<u>Non- Recurring Charge</u>
<b>3.2.9.2.1</b>	Toll Restriction	No Charge	
<b>3.2.9.2.2</b>	900 Toll Deny Service	No Charge	
<b>3.2.9.2.3</b>	Restricted Sent Paid	No Charge	\$ 20.00
<b>3.2.9.3      TERMS AND CONDITIONS</b>			
Toll Restriction prevents access to the toll network. These services are available only on local individual residence and business lines. These services are provided only where facilities and operating conditions permit.			
<b>3.2.9.3.1</b>	Two types of toll restriction are available:		
<b>3.2.9.3.1.1</b>	<b>Toll Restriction (Toll Denial)</b>		
At the request of the end user, the Cooperative will restrict the end user's line from originating all long distance calls. The end user may receive incoming long distance calls.			
<b>3.2.9.3.1.2</b>	<b>900 Toll Deny Service</b>		
At the request of the end user, the Cooperative will restrict the end user's line from accessing any 900 Service. End user must request in writing the removal of the 900 block. The end user will have access to 911 Emergency Services.			
<b>3.2.9.3.1.3</b>	<b>Restricted Sent Paid</b>		
At the request of the end user, the Cooperative will route all calls other than 800 or local service to a toll operator for service authorization and billing identification. RSP is provided in conjunction with a customer's presubscribed long distance carrier. Additional long distance charges may apply.

SECTION 3 SERVICES (Continued)		
<b>3.2 LOCAL TELEPHONE (Continued)</b>		
<b>3.2.10</b>	<b><u>SPECIAL ACCESS</u></b>	
<b>3.2.10.2.4</b>	Metallic grade channels are provided for the transmission of low-speed varying signals at rates up to 30 baud.	
<b>3.2.10.2.5</b>	Voice grade channels have an approximate bandwidth of 300-3000 Hz furnished for voice frequency. These channels are not suitable for the transmission of direct current pulses.	
<b>3.2.10.2.6</b>	Telegraph grade channels transmit binary signals at rates of 0 to 75 baud, or 0 to 150 baud. These channels are furnished as two-point or multipoint services.	
<b>3.2.10.2.7</b>	Program Audio service is a one-way communication service available in four bandwidth frequencies. Program Audio service is classified as interstate access when the channel is used to broadcast over the public airways or crosses a state line.	
<b>3.2.10.2.8</b>	Digital data channels are provided for duplex four-wire transmission of synchronous serial data at rates of 2.4, 4.8, 9.6, and 56 kbps, as facilities are available.	
<b>3.2.10.2.9</b>	High capacity channels are for transmission of 1.544 kbps isochronous serial data. Synchronization requirements must be specified by the customer.	
<b>3.2.10.3</b>	<b>REGULATIONS</b>	
<b>3.2.10.3.1</b>	An applicant for special access service extending beyond the Cooperative's service area, who is located in the service area, and who contracts for service with the Cooperative, shall be treated as a customer of the Cooperative.	
<b>3.2.10.3.2</b>	Special access service channels are provided by metallic, radio carrier, or a combination thereof at the option of the Cooperative. The Cooperative's service responsibility is limited to that furnished by its own facilities.	
<b>3.2.10.3.3</b>	Special access service facilities will be furnished for the specified purposes requested by the customer in a manner determined by the Cooperative. A channel, circuit, or facility furnished by the Company may only be used for the specific purpose primarily intended and may not be used for a combination of services.

<b>3.2 LOCAL TELEPHONE (Continued)</b>		
<b>3.2.10</b>	<b><u>SPECIAL ACCESS</u></b>	
<b>3.2.10.3.4</b>	Special access service facilities are suitably terminated at a point of demarcation at the customer's premises. The Cooperative shall not be responsible for the installation, operation, or maintenance of any customer provided premises terminal equipment, wiring or customer provided premises communication systems.	
<b>3.2.10.3.5</b>	All customer-provided apparatus connected to special access service and any current over such lines must be in accord with the specifications approved for such use by the Cooperative. The Cooperative reserves the right to specify protective apparatus which it deems necessary for the protection of its employees, property, service and the public.	
<b>3.2.10.3.6</b>	The customer will provide the necessary location in a suitable room with backboard and sufficient commercial power for special access equipment provided by the Cooperative when such equipment is located on the customer's premises.	
<b>3.2.10.3.7</b>	One channel termination charge will be applied for each customer designated premises at which each channel is terminated. This charge will apply even if the customer designated premises and the central office are co-located.	
<b>3.2.10.3.8</b>	<b>Examples of Basic Billing Elements:</b>	
	A). Point to point through one central office: <div style="text-align: center;">             CT                      CT              End User      C.O.      End User           </div> CT = 2 Channel Termination Charges	
	B). Off premise stations: <div style="text-align: center;">             CT              OS      OS           </div> CT = 1 Channel Termination Charge

<b>3.2 LOCAL TELEPHONE (Continued)</b>			
<b>3.2.10 SPECIAL ACCESS</b>			
<b>3.2.10.3.9</b> Where unusual conditions are encountered in arranging for special access service, the rules and regulations in the Special Construction section may also be applicable.			
<b>3.2.10.3.10</b> Special access is provided on the following basis:			
<b>3.2.10.3.10.1 Channel Termination</b>			
<p>A). Channel termination is the facility between the central office and the point of termination at the customer's or authorized user's premises. One channel termination is required for each service point; or,</p> <p>B). Isolated channel termination is the facility that ties two or more customer locations on non-contiguous property. Examples of these channels are off premise stations (OS); and tie lines between two customer-owned PBXs.</p>			
<b>3.2.10.3.10.2 Multi-Point Service Arrangement</b>			
<p>This arrangement applies when the customer or authorized user has more than two points on the same channel.</p>			
<b>3.2.10.3.11</b> This schedule contemplates the provision of special access service where the Cooperative has available facilities. Special construction charges are involved when one or more of the following conditions are present:			
<b>3.2.10.3.11.1</b> The channel facilities to provide services or channels are not available and the Cooperative constructs facilities to provide the service or channels for the customer and there is no other requirement for the facilities so constructed.			
<b>3.2.10.3.11.2</b> The Cooperative constructs channel facilities of a type other than that which the Cooperative would otherwise utilize in order to provide service or channels for the customer.			
<b>3.2.10.3.11.3</b> The Cooperative constructs facilities to meet requirements specified by the customer that involves a route other than that which the Cooperative would normally utilize in order to provide services or channels.

<b>3.2 LOCAL TELEPHONE (Continued)</b>		
<b>3.2.10 <u>SPECIAL ACCESS</u></b>		
<b>3.2.10.3.11.4</b>	At the customer's request a greater number of channel facilities are constructed by the Cooperative than would otherwise be constructed in order to fulfill the customer's initial requirements for services or channels.	
<b>3.2.10.3.11.5</b>	The channel facilities to provide services or channels are not available and the Cooperative expedites construction of the facilities at greater expense than would otherwise be incurred.	
<b>3.2.10.3.11.6</b>	The channel facilities to provide services or channels are not available and the Cooperative constructs temporary facilities to provide services or channels for the period during which the permanent facilities are under construction.	
Title to all facilities provided in accordance with the preceding remains with the Cooperative.		
<b>3.2.10.3.12</b>	The minimum charge for special access service is one (1) month.	
<b>3.2.10.3.13</b>	Optional Features are as follows:	
<b>3.2.10.3.13.1</b>	Bridging – provides the capability to bridge two or more circuit legs on one channel	
<b>3.2.10.3.13.2</b>	DSI Multiplexing – DS1 to voice multiplexing will convert 1.444 Mbps channel to 24 channels for use with voice grade services. Available only for high capacity channel service.	
<b>3.2.10.3.13.3</b>	An installation charge is applicable to each install, move or rearrangement of the local special access line to the interface point.	
<b>3.2.10.3.14</b>	A service order charge applies per installation, move or rearrangement order.	
<b>3.2.10.3.15</b>	Local special access service may be installed on an expedited basis or at a time other than during the normal Cooperative work schedule. Charges equal to twice the normal installation charge plus the service order charge will apply. In addition, the actual time and expense charges may also apply.	
<b>3.2.10.3.16</b>	Customer requested testing of local special access lines will be billed a subsequent service order charge plus actual time and expenses.

#### 3.2.12 DIRECTORY SERVICES

3.2.12.1	RATES	Monthly <u>Business</u>	Monthly <u>Residence</u>
3.2.12.1.1	Additional Listing	\$1.50	\$1.00
3.2.12.1.2	Listing	.00	.00
3.2.12.1.3	Non-published Service	\$1.00	\$1.00
3.2.12.1.4	Non-listed Service	\$1.00	\$1.00
3.2.12.1.5	Foreign Listing	\$1.00	\$1.00

#### 3.2.12.2 TERMS AND CONDITONS

**3.2.12.2.1** Each subscriber to business or residence service will be listed in the alphabetical section of the telephone directories periodically published and distributed by the Cooperative or its agents, unless otherwise requested by the customer. There is no charge for listing the primary number of each business or residence. The primary number of each business service will also be listed in the classified section at no charge.

**3.2.12.2.2** Listings will generally be limited to a single line containing name, location address, and telephone number; however, an additional line may be used when required for proper identification. The Cooperative may refuse the insertion of listings which it considers inconsistent with the style or purpose of its published directories.

**3.2.12.2.3** Additional listings are offered at the prevailing monthly rates in this section, subject to the following conditions:

**3.2.12.2.3.1** Additional residential listings must include the same location address as the primary listing and are limited to members of the subscriber's household.

**3.2.12.2.3.2** Additional business listings must include the same location address as the primary listing, except where equipment serving the same business is located on different premises, in which case, the off-premise location address may be listed.

**3.2.12.2.4** Foreign directory listings will be accepted from business and residential customers outside of the Cooperative's exchange area.

SECTION 3 SERVICES (Continued)			
<b>3.2 LOCAL TELEPHONE (Continued)</b>			
<b>3.2.12      <u>DIRECTORY SERVICES (Continued)</u></b>			
<b>3.2.12.2.5</b>	The customer assumes full responsibility concerning the right to use any name as a directory listing and agrees to hold the Cooperative harmless of and from any claims, loss, damage, or liability which may result from the use of such listings. The Cooperative does not undertake to determine the legal, contractual, or other right to use of the name to be listed in a telephone directory of the Cooperative. However, listings designed primarily to give publicity to a commodity or service will not be accepted.		
<b>3.2.12.2.6</b>	Non-published and non-listed service is offered to business and residential customers at the respective monthly rates in Section 3.2.12.1, subject to the following conditions:		
<b>3.2.12.2.6.1</b>	The customer will relieve the Cooperative of any responsibility for the failure to receive calls due to such nonpublished or nonlisted of telephone numbers.		
<b>3.2.12.2.6.2</b>	The customer agrees to hold the Cooperative harmless from damages, or action in damages, arising from the failure to receive calls at non-published or non-listed telephone numbers.		
<b>3.2.12.2.6.3</b>	The Cooperative will exercise reasonable care to prevent the insertion of non-published and non-listed telephone numbers in its published directories. The Cooperative will exercise extra care to prevent the disclosure of non-published numbers, except as may be directed by civil authority in the interest of public safety and welfare.		
<b>3.2.12.2.6.4</b>	The customer agrees to hold the Cooperative harmless from damages, or action in damages, arising from the failure to receive calls at non-published or non-listed telephone numbers.		
<b>3.2.12.2.6.5</b>	A customer whose primary telephone number is listed, or to be listed, and published in the Cooperative's information records, may have additional telephone numbers for the same service non-published or non-listed without charge.		
<b>3.2.12.2.6.6</b>	The monthly rates for non-published or non-listed service will apply only to active accounts.

SECTION 3 SERVICES(Continued)			
<b>3.4 NONRECURRING CHARGES (Continued)</b>			
<b>3.4.2 TERMS AND CONDITIONS</b>			
<b>3.4.2.1</b>	Service charges to connect, move or change services are applied individually according to the components of the work required.		
<b>3.4.2.2</b>	Service Order Charge applies to receiving recording, transmitting and processing information to connect, reconnect service disconnected for non-payment and reactivate a reserved telephone number, installing supplemental equipment, move or change service or equipment necessary to execute a customer's request.		
<b>3.4.2.2.1</b>	A move is a relocation of equipment, terminations or wiring within a customer's premises. A change occurs when permanently connected or quick-connected equipment is modified at the customer's request. Such changes include but are not limited to:		
<b>3.4.2.2.2.1</b>	Adding or modifying features of stations connected to a PBX.		
<b>3.4.2.2.2.2</b>	Rearrangement of PBX circuits at the station or in the switching or terminal equipment.		
<b>3.4.2.3</b>	Central Office Line Connection Charge applies to the installation or changing of central office connections required to provide or change service requested by service order. Also included is central office work required for off-premise location of stations.		
<b>3.4.2.4</b>	Premise Visit Charge applies when a customer request requires a premise visit for installation, testing, or tagging. One charge applies for all work requested at one time and on one continuous property.		
<b>3.4.2.5</b>	Reconnection Charge is made to cover certain operating expenses incident to the reestablishment of service.		
<b>3.4.2.6</b>	Meter Testing Charge applies when a meter test is performed at the request of the customer. The customer should be made aware of the charges prior to the meter test and agree to pay the charges unless, the meter is found to be over- or under-registering by more than two (2) percent and there is no evidence of meter or electric service tampering by the customer, the Cooperative will not charge the customer for the meter test.		
<b>3.4.2.7</b>	Return Check Charge will be billed to any customer whose check is returned.

<b>3.5.1.1.3</b>	Single service pole on private property	None
<b>3.5.1.2</b>	<b>TERMS AND CONDITIONS</b>	
<b>3.5.1.2.1</b>	Line extension charges are applicable in connection with all classes, types, and grades of service when established by means of an extension to the Cooperative's plant consisting of buried wire, pole construction, or power line carriers and including extension by means of contact space on poles of others.	
<b>3.5.1.2.2</b>	All line extensions will be owned and maintained by the Cooperative. The applicant, however, if he so elects, may furnish and set poles in excess of the distance for which there is no charge in lieu of the charges applicable. All such Customer-constructed facilities must be inspected by the Cooperative to ensure compliance with applicable codes and standards provided by law and substantially equivalent to the Cooperative's design standards for Cooperative-installed extensions. and in all instances the ownership of facilities shall be entirely vested in the Cooperative. The Cooperative will maintain and connect customer-constructed facilities under the same terms and conditions as Cooperative-installed extensions. The Cooperative will conduct reasonable inspections to assure that customer-constructed electrical line extensions fully conform to the state minimum electrical standards. The Cooperative will charge the customer the actual cost of these inspections. Only the Cooperative may energize customer-constructed electrical line extensions.

SECTION 3 SERVICES (Continued)	
<b>3.5 CONSTRUCTION SERVICES (Continued)</b>	
<b>3.5.2</b>	<b><u>SPECIAL CONSTRUCTION</u></b>
<b>3.5.2.1</b>	<b>RATES</b>
<b>3.5.2.1.1</b>	All rates and charges quoted in the Tariff provide for furnishing of service or channels when suitable facilities are available or construction of the necessary facilities does not involve unusual costs.
<b>3.5.2.1.2</b>	"Cost" as used in this Section, is to be interpreted to mean the cost of labor and materials, including the charges for supervision and other overhead charges. The Loaded Labor Rate has been established at \$100.00/per hour. For after hours and weekends, the rate is \$115.00/per hour.
<b>3.5.2.2</b>	<b>TERMS AND CONDITIONS</b>
<b>3.5.2.2.1</b>	When special conditions or special requirements of the customer involve unusual construction or installation costs, the customer is required to pay such costs.
<b>3.5.2.2.2</b>	Where a customer is so located that it is necessary to use private right-of-way to furnish a service or channel, and the Cooperative is unable to obtain the required right-of-way without cost, the customer may be required to pay the entire costs involved in securing right-of-way.
<b>3.5.2.2.3</b>	Any pole line or underground construction furnished by the customer is subject to the approval of the Cooperative.
<b>3.5.2.2.4</b>	A request for underground construction is considered special construction.
<b>3.5.2.2.5</b>	Changes from Aerial to Underground Facilities, or Underground to Aerial
<b>3.5.2.2.5.1</b>	When a customer desires that existing aerial facilities be replaced by underground facilities, or underground to aerial, the change is made subject to the following:
<b>3.5.2.2.5.1.1</b>	Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer. The cost of poles and their installation for aerial service will be charged to the customer.
<b>3.5.2.2.5.1.2</b>	The cost of dismantling and removing the aerial facilities or removing underground facilities is charged to the customer.

SECTION 3 SERVICES (Continued)		
<b>3.5 CONSTRUCTION SERVICES (Continued)</b>		
<b>3.5.2 SPECIAL CONSTRUCTION (Continued)</b>		
<b>3.5.2.2 TERMS AND CONDITIONS (Continued)</b>		
<b>3.5.2.2.5.1.3</b> The cost of the cable, including its installation, is borne by the Cooperative. Such cable is maintained and replaced at the expense of the Cooperative, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Cooperative.		
<b>3.5.2.2.6 Construction on Private Property</b>		
<b>3.5.2.2.6.1</b> Residential and Commercial Structures – Where underground construction is desired where facilities would ordinarily be provided without a construction charge, the following applies:		
<b>3.5.2.2.6.1.1</b> Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Cooperative.		
<b>3.5.2.2.6.1.2</b> Such underground construction, as specified above, shall be for the exclusive use of the Cooperative.		
<b>3.5.2.2.6.1.3</b> Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Cooperative will place the cable and associated plant.		
<b>3.5.2.2.7</b> Underground Construction in Subdivisions in Advance of Service		
<b>3.5.2.2.7.1</b> This section applies to subdividers and developers whom request the installation of distribution plant facilities in subdivisions. In such cases, subdivision developers must enter into a "Subdivision Agreement" with the Cooperative. The Subdivision Agreement form is incorporated herein by reference and may be obtained, upon request, from the Utility. The terms of the Subdivision Agreement will govern the installation of the Cooperative's facilities in new or expanding subdivisions.		
<b>3.5.2.2.7.2</b> No construction charges will apply if existing aerial facilities are buried at the sole discretion of the Cooperative.

SECTION 3 SERVICES (Continued)	
<b>3.5 CONSTRUCTION SERVICES (Continued)</b>	
<b>3.5.3 PERMANENT SERVICE</b>	
<p>The Cooperative assesses connection and reconnection charges as reflected in this tariff, Section 3.4, Nonrecurring Charges.</p>	
<p>A).Permanent service installations are defined in Section 4, Definitions. A permanent service is one that is provided with the intent that the facilities remain at a location for the useful service life of the facilities. Charges for construction of permanent facilities will be based on the policies set out in Section 3.5.1 (Line Extensions) of this tariff.</p>	
<p>B).All facilities must be designed and installed in accordance with applicable codes, standards, and practices of the industry for the class of service provided. The equipment will be mounted on an applicant's pole, building, or other structure on a permanent non-moveable foundation. The Cooperative reserves the right of final determination of whether a service will be classified as permanent.</p>	
<p>Where the customer facilities are such that the Cooperative has reasonable assurance that the premises will take electric service permanently and continuously and where unusually large expenditures by the Cooperative are not required to serve the premises, the Cooperative will, at its expense, provide the facilities necessary to serve the customer.</p>	
<p>Where the Cooperative cannot be assured that the customer to be served will be reasonably permanent or where unusual expenditures are necessary to supply service because of location, size or character of the applicant's or customer's installation, facilities will be constructed only when the prospective customer makes an adequate prepayment toward the cost of such facilities as outlined in Section 3.5.1.</p>	
<b>3.5.3.1 CONDITIONS WHEN FACILITIES EXIST</b>	
<p>The Cooperative will establish service to existing facilities within five working days following a request by an applicant who has been approved for service. "Existing facilities" means customer facilities ready and acceptable to the Cooperative, where the Cooperative only needs to install or read a meter, or turn on a service.</p>

NUSHAGAK COOPERATIVE  SECTION 3 SERVICES (Continued)	
<b>3.5 CONSTRUCTION SERVICES (Continued)</b>  <b>3.5.3.2.1      CONDITIONS WHEN FACILITIES DO NOT EXIST</b>  If the customer requests permanent service but does not have existing facilities the Cooperative will attempt to establish permanent service within 30 days after receipt of construction fees and obtaining easement/right-way. If the Cooperative cannot establish service within this 30 day period it will advise the applicant in writing within 15 days establishing the reason for the delay, interim services available if applicable, and an estimated date for completion.	
<b>3.5.3.3      COOPERATIVE'S INABILITY TO MEET SCHEDULED DATE</b>  If the Cooperative finds that it is unable to meet a previously scheduled date for establishment of service it will attempt to advise the customer in a timely manner of the new revised in-service date.	
<b>3.5.3.4      REMOVAL OF UTILITY FACILITIES</b>  Where Utility facilities have not been used for a period of 12 consecutive months or more, the utility may remove or abandon in place its property. Once removed from service, facilities will not be rebuilt until a new application and line extension agreement, if applicable, are executed by a prospective customer.	
<b>3.5.4      TEMPORARY SERVICE</b>  A). Temporary service installations are defined in Section 4, Definitions. Charges for construction of temporary facilities will be based on the policies set out in Section 3.5.2, Special Construction, of this tariff.  B). The applicant will be required to advance the sum of money equal to the estimated bill for service. Where the duration of temporary service is to be more than one month, the applicant must meet the deposit requirements set out in Section 3.5.1.  C). If during the term of the temporary service, the character of a temporary customer's operations changes or it appears that the duration of the service may be substantially longer than stated in the application, the Cooperative will reclassify the service as permanent and will apply the deposit and line extension rules as outlined in the tariff.

<b>3.5.4 TEMPORARY SERVICE (Continued)</b>		
<p>D). The Cooperative will not allow a temporary service connection to continue longer than twelve (12) months unless for good cause shown the Cooperative has approved an extension of time for temporary service or unless application for permanent service has been made by the customer.</p> <p>E). The installation and equipment must comply with applicable technical and safety standards, practices, and codes to protect the customer, the general public, and the Cooperative's employees. Such codes include the National Electric code, and applicable requirements of the State of Alaska and its political subdivisions in which the Cooperative operates.</p> <p>F). Where service is to be used for temporary purposes only, the prospective consumer will be required to pay the cost, as defined in Section 3.5.2, of the connection and removal of equipment necessary to serve. In such cases, an advance payment sufficient to cover all such costs and energy to be used may be required.</p>

SECTION 3 SERVICES (Continued)			
<b>3.7 TAXES AND SURCHARGES (Continued)</b>			
<b>3.7.5 <u>UNIVERSAL ACCESS SURCHARGE FOR TELECOMMUNICATIONS RELAY SERVICE (TRS)</u></b>			
These services are provided to meet the communications needs of deaf, hard-of-hearing, speech-impaired persons.			
<b>3.7.5.1</b>	<b>RATES</b>	<b>Monthly Rate</b>	
<b>3.7.5.1.1</b>	Residential	\$ .09	
<b>3.7.5.1.2</b>	Single-line Business, per line or trunk	\$ .09	
<b>3.7.5.1.3</b>	Multi-line Business, per line or trunk	\$ .18	
<b>3.7.5.2</b>	<b>TERMS AND CONDITIONS</b>		
<b>3.7.5.2.1</b>	By direction of the Regulatory Commission of Alaska in Order No. 2 in Docket U-92-13, the responsibility for billing and collecting the Universal Access Surcharge has been assigned to the customer's local exchange carrier.		
<b>3.7.5.2.2</b>	Alaska Statute, AS42.05.296, and Regulatory Commission of Alaska regulations, 3 ACC 51.90, et seq., required that the TRS is funded by a monthly surcharge on rates of all local exchange carriers. The surcharge collections will be disbursed to the TRS provider monthly.		
<b>3.7.5.2.3</b>	The surcharge is a two-tier rate, one tier assessed to residential and single-line business customers and the other tier is assessed to multi-line business customers.

SECTION 3 SERVICES (Continued)		
<b>3.7 TAXES AND SURCHARGES (Continued)</b>		
<b>3.7.6</b>	<b><u>NETWORK ACCESS FEE</u></b>	
<b>3.7.6.1</b>	<b>RATES</b>	Monthly <u>Rate</u>
<b>3.7.6.1.1</b>	Network Access Fee (NAF)	\$5.75/Per Access Line
<b>3.7.6.2</b>	<b>TERMS AND CONDITIONS</b>	
<b>3.7.6.2.1</b>	The Cooperative is required by the Regulatory Commission of Alaska to charge a Network Access Fee (NAF) per access line at the rate established by the Commission.	
<b>3.7.6.2.2</b>	All local telephone companies in Alaska charge long distance companies fees for using their infrastructure to provide long distance service to its customers. These fees are called access charges. The NAF, mirrored after the FCC's Subscriber Line Charge (SLC) for interstate (between states) long distance, is intended to lower the cost of access charges paid by long distance companies with the end result of lower instate long distance bills and improved technology service as competitive market forces compel long distance companies to pass their cost savings to their customers.	
<b>3.7.6.2.3</b>	The NAF is to be billed and retained by the local telephone company to help recover a portion of the cost associated with the wires and associated local network facilities that connect a telephone customer to the local telephone company's central office switch.	
<b>3.7.6.2.4</b>	For more on the NAF, refer to the Commission's Docket R-01-001.	
<b>3.7.6.3</b>	<b>RURAL TELEPHONE BANK (RTB) REFUND CREDIT</b>	
<b>3.7.6.3.1</b>	The RTB Refund Credit is a line item applied to each customer's bill that is assessed a Network Access Fee. The credit is issued in order to refund a portion of the patronage share dollars paid to the Utility upon the dissolution of the RTB ordered by the Regulatory Commission of Alaska. This refund process shall commence June 1, 2008 and will continue until the amount ordered by the Commission is exhausted, which is estimated to be six years.	
<b>3.7.6.3.2</b>	RTB Monthly Refund Amount	\$0.00/Per Access Line

SECTION 4 DEFINITIONS	
<p><b>4 DEFINITIONS</b></p> <p><b>4.1      <u>GENERAL DEFINITIONS</u></b></p> <p>As used throughout this tariff, the following definitions of terms shall apply unless otherwise clearly stated:</p> <p><b>ACCESS LINE</b> That facility that connects the serving central office with the subscriber's premise. The point of connection at the subscriber's premise is normally the protector.</p> <p><b>ACCESS LINE CHARGE</b> The monthly charge for provision of dial tone from the local exchange for the use of local and toll telephone service.</p> <p><b>ACTUAL COST</b> Refers to the cost of materials plus the rate per hour at the Cooperative's loaded labor rate, including charges for supervision and other overhead charges.</p> <p><b>ADDITIONAL LISTING</b> Any listing of a name or other authorized information in connection with a customer's telephone number in addition to that to which he is entitled in connection with his/her regular service.</p> <p><b>ADVANCE-IN-AID-OF CONSTRUCTION</b> A potentially refundable sum of money an applicant must sometimes pay as a condition of obtaining service from the Cooperative.</p> <p><b>APPARATUS</b> Electrical or mechanical equipment in whole or in part provided the Cooperative in the provision of various services.</p> <p><b>APPLICANT</b> An individual, firm, corporation, partnership, institution, or association, whether public or private, applying for or requesting service from the Cooperative.</p> <p><b>BASIC EXCHANGE TELECOMMUNICATIONS RADIO SERVICE (BETRS)</b> Is a proprietary, wireless, loop carrier system providing basic telephone loop service. BETRS is an alternative which may be applied by the Cooperative to provide basic exchange service where conventional facilities would be difficult or impossible to install. Also called Rural Radio Service.</p> <p><b>BILLING PERIOD - ELECTRIC</b> An interval of about one month between successive meter reading dates. Beginning and final billing may include extra dates of service above the normal billing period.</p> <p><b>BILLING PERIOD – TELEPHONE</b> An interval of one month from the 1<sup>st</sup> to the 31<sup>st</sup>. Telephone service is billed in advance. Beginning and final billing may include extra dates of service above the normal billing period.</p>

SECTION 4 DEFINITIONS (Continued)		
<p><b>4.1 GENERAL DEFINITIONS (Continued)</b></p> <p><b>BURIED CABLE OR BURIED WIRE</b> A cable or wire designed for use in underground construction and utilized in extending the Cooperative's telephone plant. As used herein, buried refers to direct buried cable or wire as opposed to underground cable which refers to cable or wire in a conduit system.</p> <p><b>BURST RATE</b> Refers to the upper bandwidth limit a permanent virtual circuit is allowed to send its data through the Frame Relay Service (FRS) network. The burst rate is limited by the physical port access speed.</p> <p><b>BUSINESS OFFICE</b> The office of the Cooperative, which handles subscriber billing, collections and public requests for service. A copy of this tariff shall be available for public inspection at this location.</p> <p><b>BUSINESS SERVICE</b> Service furnished to individuals engaged in business, firms, partnerships, corporations, agencies, shops, works, tenants of office buildings, churches, clubs, other organizations of a similar nature and individuals practicing a profession or operating a business out of a residential dwelling. If a telephone directory listing denotes the character of the business to be for business use, the rates for business service will apply. (See also commercial service )</p> <p><b>CABLE TELEVISION SERVICE (CATV)</b> The service of transmitting and reception of messages, impressions, pictures, and signals by means of electricity, electromagnetic waves, and any other kind of energy, force variations, or impulses, whether conveyed by cable, wire, radiated through space or transmitted through other media within a specific area or between designated points. See Telecommunications Services.</p> <p><b>CALL BLOCK</b> An enhanced custom calling feature that allows subscribers to designate their number (and name where technically feasible) as private and prevent delivery to a party using Caller I.D.</p> <p><b>CALL BLOCK-PER CALL</b> An enhanced custom-calling feature inherent in basic residential and single line business service that allows a subscriber to dial a code and activate the Call block feature on a call-by-call basis.</p> <p><b>CALL BLOCK-PER LINE</b> The addition of Call Block (an enhanced custom calling feature) to a subscriber's line which prevents the delivery of calling number (and name where technically available) information for all calls made from the line.</p>

NUSHAGAK COOPERATIVE  SECTION 4 DEFINITIONS (Continued)							
<p><b>4.1 GENERAL DEFINITIONS (Continued)</b></p> <p><b>CALLER I.D.</b>    An enhanced custom-calling feature that allows a subscriber to view the directory name and telephone number (when available) of an incoming call before answering. After the first ring, the central office sends the name and telephone number of the calling party as well as the current month, day hour and minute. Caller ID requires a telephone set or separate display unit capable of recognizing and displaying the calling telephone number sent from the central office.</p> <p><b>CALLER I.D. WITH ANONYMOUS CALL REJECT</b>    An enhanced custom-calling feature that allows a subscriber with Caller I.D. to reject calls for which calling name/number display information has been intentionally blocked. Only calls for which the information has been blocked are rejected.</p> <p><b>CENTRAL OFFICE</b>    The location of the Cooperative's switching equipment and where an individual telephone station may be connected to another.</p> <p><b>CENTRAL OFFICE COIN SUPERVISION</b>    Provides central office coin services required by dumb payphones. The services include recognition of coin deposits and the ability to return coins to the payphone user.</p> <p><b>CENTRAL OFFICE LINE CONNECTION CHARGE</b>    The service connection charge, which covers (1) the administrative costs associated with the assignment of a telephone number and facilities and (2) the installation costs associated with Central Office wiring required for the provision of telephone service.</p> <p><b>CERTIFIED SERVICE AREA</b>    The entire area for which the Regulatory Commission of Alaska (RCA) has authorized the Cooperative to provide a specific type of service.</p> <p><b>CHANNEL</b>    A communications path between two or more points of termination.</p> <p><b>CHANNEL TERMINATION</b>    A special access rate element, which recovers costs for terminating a dedicated circuit between a customer designated premise (CDP) and a customer serving wire center (C-SWC). The channel termination charges include a standard interface, which provides technical characteristics for the service provided.</p> <p><b>COAXIAL CABLE (COAX)</b>    The transmission wire commonly but not solely used by this Cooperative to transport cable television signals including television-type simultaneous picture and audio signals, frequency modulated-type audio signals, telemetering-type signals, and amplifier power.</p>

NUSHAGAK COOPERATIVE		
SECTION 4 DEFINITIONS (Continued)		
<b>4.1 GENERAL DEFINITIONS (Continued)</b>		
<b>CONSTRUCTION</b> All activities required by the Cooperative in order to initiate, rearrange, discontinue or otherwise provide or modify service or facilities provided to the subscriber.		
<b>COMMERCIAL SERVICE</b> Service to premises where activities requiring a business license take place. Class of service provided to firms, corporations, agencies, partnerships, associations and/or institutions, public or private, whose basic concern is the conduct of business, or fulfillment of a public responsibility, engaged in acts of commerce. Commercial service includes multifamily apartments where a landlord or apartment manager provides electricity in the cost of rent, and the responsibility for payment to the Cooperative resides with the owner or manager. If commercial activity cannot be separately metered and takes place in a residence and if its conduct requires more than 25% of the premise's square footage, energy, or demand use, then the entire service will be considered commercial.		
<b>CONNECT CHARGE</b> A nonrecurring charge made under certain conditions to cover all or a portion of administrative and records cost, where equipment is in place and no change of location, service or facilities is required.		
<b>CONTINUOUS PROPERTY</b> Property owned or otherwise controlled by a subscriber all portions of which may be served without crossing a public thorough-fare or the property of another.		
<b>CONTRACT</b> The agreement between the Cooperative and a subscriber for the furnishing of Cooperative service in instances where all or part of this tariff does not apply.		
<b>CONTRIBUTION IN-AID-OF CONSTRUCTION</b> A nonrefundable sum of money an applicant must sometimes pay as a condition of obtaining service from the Cooperative		
<b>CONVERTER</b> A device provided by the Cooperative to translate channel frequencies so that they can be received on the VHF tuner of the subscriber. Also see Set Top Box.		
<b>COOPERATIVE</b> The Nushagak Electric & Telephone Cooperative, Inc., as shown on the front page of this tariff.		
<b>CUSTOMER</b> Any individual, firm, organization in whose name service is furnished as evidenced by the signature and name on the application or contract for that service, or in the absence of a signed instrument, by the receipt and payment of bills regularly issued in that name regardless of the identity of the actual user of the service. See also Subscriber.

SECTION 4 DEFINITIONS (Continued)		
<b>4.1 GENERAL DEFINITIONS (Continued)</b>		
<b>METER TAMPERING</b> Changing a meter's registration of energy usage or demand by methods such as bypassing a meter, using magnets to slow the meter recording, or breaking the meter's seals.		
<b>MONTH</b> An interval of approximately thirty (30) days between successive normal meter reading dates.		
<b>NON-LISTED NUMBER</b> Requested by a customer whose name and telephone number are not listed in the telephone directory, but can be obtained by contacting directory assistance		
<b>NON-PUBLISHED NUMBER</b> The telephone number of the subscriber, which at the request of the subscriber, is not listed in the telephone directory of the Cooperative and not available to the information operator or other telephone users.		
<b>NON-RECURRING CHARGE (NRC)</b> A charge intended to cover certain operating expenses incidental to the establishment of service and the connection of the service with the telephone system.		
<b>NORMAL WORKING CONDITIONS</b> Those situations which can be reasonably anticipated by the Cooperative, planned for in advance, and handled as part of the usual day-to-day operations, without requiring substantial deviation from standard operating practices.		
<b>PAYPHONE</b> Used interchangeably with Pay Telephone.		
<b>PAYPHONE SERVICE PROVIDER (PSP)</b> Denotes an entity that provides pay telephone service, which is the provision of a telephone to the public on a fee-per-call basis.		
<b>PAY TELEPHONE</b> Denotes a coin or coinless instrument provided in a public or semi-public place where Payphone Service Provider customers can originate telephonic communications and pay the applicable charges by (1) inserting coins into the equipment, or (2) using a credit card, or (3) third-party billing the call, or (4) calling collect.		
<b>PAST DUE</b> Payment that has not been received by the Cooperative by the due date stated on the bill.		
<b>PERMANENT DISCONNECT</b> A discontinuance of service in which the facilities used in the service are immediately made available for use for another service.		
<b>PERMANENT SERVICE</b> Service provided with the intent that facilities remain at a location for the useful service life of the facilities.

SECTION 4 DEFINITIONS (Continued)		
<b>4.1 GENERAL DEFINITIONS (Continued)</b>		
<b>POINT OF DELIVERY</b> The location where the Cooperative terminates its equipment or conductors and connects with the customer's equipment or conductors.		
<b>POWER FACTOR</b> The ratio of kilowatt-hours to kilovolt ampere-hours expressed as a percentage.		
<b>PREMISES</b>		
A. Any room of a building where all of the room or a portion of thereof is occupied by the customer in person or the customer's personnel		
B. Any two or more rooms located on the same floor of a building provided all rooms or portions of each room are occupied by the customer's personnel.		
C. Any rooms on two or more successive or adjoining stories of a building when all of the rooms or portions of each of the rooms are occupied by the customer in person or the customer's personnel.		
D. That portion of an individual house or building entirely occupied by one family or one flat or apartment occupied by one individual or family. Private garages and caretaker's quarters and other locations such as private laundries, patios, garden houses and private swimming pools, which are part of the customer's domestic establishment and used in connection with an individual residence are considered as a part of the premises of that residence if located on the same continuous property not separated from the residence by a public highway.		
<b>PRESENTED</b> The date the monthly billing amount is available to the customer. Billing amounts are available on the first of each month.		
<b>PRIMARY VOLTAGE</b> The input voltage of the circuit supplying power to the distribution transformer, which provides service to the customer.		
<b>PRIVATE LINE DEDICATED CIRCUIT</b> A circuit provided to a subscriber which is not connected to the switching equipment of the Cooperative and utilized only by that subscriber. See Special Access.		
<b>QUALIFYING FACILITY</b> A cogeneration facility or small power production facility as defined in 3AAC 50.820(11).

SECTION 4 DEFINITIONS (Continued)		
<b>4.1 GENERAL DEFINITIONS (Continued)</b>		
<b>TRIBAL LANDS</b> Tribal Lands are defined as reservation as the term is defined in Subpart A of the regulations promulgated by the US Department of Interior's Bureau of Indian Affairs (BIA). Tribal Lands include any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688) which is federally recognized as eligible by the UD Government for the special programs and services provided by the Secretary of the Interior to Indians because of their status as Indians. The entire state of Alaska is regarded as a reservation under BIA definition and is therefore considered "Tribal Lands". As a result, the FCC's Order 00-208 regarding Enhanced Lifeline and Expanded Link Up applies to all financially eligible individuals within the State of Alaska.		
<b>TRUNK LINE</b> A channel of communication from the central office to another switching system or between a key system or similar intercommunication device and the Cooperative's central office.
